Chorleywood and Sarratt Under Threat!

The Lib Dems failure to implement an up to date Three Rivers Local Plan is a disaster for Chorleywood and Sarratt.

This failure has resulted in there now being a 'presumption in favour of sustainable developments'. This makes it almost impossible for local people to stop developments which are in the wrong places, too big and do not have the necessary public services or infrastructure.

Only your Conservative Team have a plan to end this mess and protect Chorleywood and Sarratt.

Lib Dem Failures

- **No up to date Local Plan**
- **'Presumption in favour of sustainable developments' imposed**
- **Inappropriate developments now almost impossible to stop**
- **Residents concerns ignored**
- **Further delays expected - No Local Plan until 2023 at the earliest!**

Chorleywood South and Maple Cross

Philip Hearn

I have lived in Chorleywood all my life and it really upsets me that our beautiful area is in peril. The Lib Dems have totally let down our area by failing to implement an up to date Local Plan. We need a Local Plan that protects the rural character of our area, protects our stunning green spaces and provides the housing, public services and roads we all need.

Chorleywood North and Sarratt

Ciarán Reed

I have lived in Three Rivers since I was born and work at a primary school as a teaching assistant. I want to preserve the uniqueness of the villages in Three Rivers by ensuring that house building is appropriate for each of them. I commit to protect the space between each village to conserve each community and the green spaces between them.

Promoted by Sophia Corfield, on behalf of Philip Hearn and Ciaran Reed, all of South West Hertfordshire Conservative Association, 104 High Street, London Colney, Hertfordshire, AL2 1QL Printed by Metro Commercial Printing Ltd, Unit 7, Mowat Industrial Estate, Sandown Road, Watford Hertfordshire WD24 7UY.

Conservatives

A workable plan to **PROTECT** Chorleywood and Sarratt

- **Implement a new Local Plan without delay - Until we have a Local Plan our area is in peril**
- **Work with all local people to identify areas which absolutely must be saved**
- **Only support a Local Plan which protects at least 95% of our precious Green Belt**
- **Only support a Local Plan which preserves the rural feel of our area**
- **Only support a Local Plan which preserves green spaces between towns and villages**

PETITIONS WILL NOT WORK!

Chorleywood Neighbourhood Plan Referendum

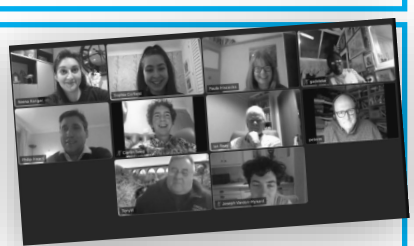
Vote 'Yes' - May 6th

On May 6th, people in the Parish of Chorleywood can vote on the Chorleywood Neighbourhood Plan. This plan is a great piece of work by local residents and will help to protect our area.

High Streets and Pubs

If action is not taken, our High Streets and Pubs will be lost forever. Your Conservatives will work to ensure that COVID-19 recovery grants reach where they are needed. Residents must have access to key services such as Post Offices, Libraries and GP Surgeries. Shoppers must have at least two hours free parking across Three Rivers.

Campaigning Safely!



Your health is more important than any political campaign. This leaflet was delivered in a Covid-19 secure manner and we did not hand deliver leaflets before March 8th. **We have been campaigning hard online!**
